Dear Friends

Welcome to the 56th annual St. Patrick School BBQ and Auction. On behalf of the faculty, staff, and school families I welcome you to our campus and hope you enjoy the fabulous food and friendship that this day has in store! The entire St. Patrick community –students, parents, parishioners, and staff alike – has worked thousands of hours to make this event a reality. I would like to offer my sincere thanks to them for their hard work and dedication to our school!

As we gather let us remember that this day is for our students, the children of the St. Patrick School community. Your continued support helps us fulfill our mission to provide affordable, Catholic education to families, while providing innovative instruction for our students. Together, we can prepare St. Patrick's students to be people of faith, academic scholars, and model citizens in our ever changing world. Such a worthy cause that allows us to carry on the charism of our founding order, The Sisters of Mercy!

This year we are celebrating our “Year of Love.” For me, this theme calls to mind all the possibilities that are open to us when we live out the Beatitudes and love one another. Our school was built from the love, faith, and hard work of our church and families. Our students, both past and present, demonstrate that they can achieve goals and dreams by believing in the power of love and the power of perseverance. Finally, our community's support proves that great things are possible when we put our love into action. St. Patrick School is blessed to have all of this support each year!

The words of St. Josemaria Escriva ring true for us this year, “Everything that is done out of Love acquires greatness and beauty.” With your love and support our school will continue to provide children with outstanding Catholic education for years to come! Thank you again for the gifts you give to our school community – we are so grateful for your support!

Sincerely,

Maureen Halderman

Principal

Why do so many Saint Patrick's families choose Mission Prep?

Mission College Preparatory Catholic High School believes that it takes more than words on a page to make students succeed. It takes a village. It takes individual attention, smaller class sizes, community involvement, exceptional educators, parental and family guidance, and opportunities for experiences outside the classroom.

Taking a holistic approach, Mission Prep helps students gain not just an education, but a foundation they can use to find success throughout their entire lives.

What else does Mission Prep offer?

- An average of 100% college acceptance rate
- Students' SAT and ACT scores regularly exceed state and national averages
- Robust Theatre Arts, Music, Studio Art, and Robotics programs
- Over 30 student-run clubs and activities & 20 Varsity Sports Teams
